PROFILE

Passionate Web Application Developer with 1 year of industrial experience, proficient in testing and developing web applications. Eager to contribute my skills and expertise to a professional team in an esteemed organization to further enhance my development capabilities.

PROFESSIONAL EXPERIENCE

Front-End Developer

Xeven Solutions

2024/01 – present

Lahore, Pakistan

I worked on various projects using different frameworks and applied the languages and technologies I learned during my internship to real-world projects.

Front-End Internship

Xeven Solutions

2023/10 – 2023/12

Lahore, Pakistan

During my internship, I worked on web development projects using HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React.js. This internship provided me with practical experience in modern development tools and frameworks.

SKILLS

ReactJS

Redux Toolkit

DevExtreme JQuery

Firebase

MYSQL

JavaScript

JQuery

Material UI

Tailwind CSS

Bootstrap5

CSS3

HTML5

PROJECTS

E-Commerce Site

Developed an e-commerce site using React.js with a Material UI design and implemented functionalities using Redux Toolkit. This setup ensured a visually appealing interface and efficient state management.

Hotel Management System

Developed a Hotel Management System with DevExtreme jQuery and ASP.NET MVC, using MySQL for data storage. This system efficiently manages rooms, customers, and employees, streamlining hotel operations.

Portfolio Site

I created my personal portfolio site using React.js and Tailwind CSS for design, integrated EmailJS for email functionality, and used Firebase for backend services.
